

offers professionally organized **5 on 5** leagues. There are two height classifications: 6'1" & under, and open height leagues. Both height classifications have leagues of different ability levels (contingent on team turn out).

Leagues

Leagues consist of ten week season. Post season tournaments will be held for qualifying teams. Top teams will be matched against each other in a single elimination tournament. League winners will receive prizes.

Games

Games will be officiated by two referees. A scorekeeper and statistician are also provided to track game stats. Courts are high school or college regulation sizes.

Statistics

Stats are provided online each week indicating team standings and statistics. Individual statistics will be included on the stat-sheet as well. This gives teams and players the opportunity to keep track of team and individual performances week to week, and for the season. Players who continue to participate in HBL leagues will have their statistics tracked and recorded season to season.
